

Music Theory Keyboard (Group #13)

Diego Jimenez

Jan Lantaca

John Beardwood

Dan Savulescu

Jacob Darby

Sprint Plan #3

User Story 1:

As a student I want to be able to learn how to read notes from a staff so that I can communicate with other musicians more effectively.

User Story 2:

As a student I want to be able to learn how to construct a major and minor scale from a given note so that I understand the differences between them.

User Story 3:

As a student I want to understand the different keys and key-signatures associated with them so that I can read music more easily as well as have an easier time understanding intervals.

User Story 4:

As a student I want to understand the various intervals between notes so that I can more effectively communicate with other musicians and more accurately analyze music I come across.

User Story 5:

As a student I want the site to be pretty so that I don't hate looking at it.

User Story 6:

As a student I want high-quality samples to be used so that my music sounds beautiful.

Initial Work Distribution:

Diego: #2

Jan: #5

John: #4

Dan: #3

Jacob: #1

## Initial Scrum Board:
